

City of **Sergeant Bluff, IA**

401 Fourth Street

Sergeant Bluff, IA 51054

(712) 943-4244

The City of Sergeant Bluff Water Department is performing a Water Sampling Program. Water samples are tested for levels of contaminants such as bacteria, lead and copper, TTHM, HAA5, fluoride, and sodium. This program requires water samples from customer outside water hose bibs, inside kitchen sinks or bathroom sinks. Water samples collected during the day require the customers to be home to allow Public Works employees to enter the household. Samples are obtained randomly and therefore *cannot be scheduled for a specific date or time*. The customer does not need to be present for outside water sampling.

The City would like to encourage all residents and businesses to participate.

Results from these tests can be obtained from the Consumer Confidence Report which is available at City Hall Monday through Friday, 8:00am to 5:00pm and on the City's website: www.cityofsergeantbluff.com

If you would like to participate in the City of Sergeant Bluff Water Sampling Program, please complete the form below and return it to City Hall, PO Box 703, Sergeant Bluff, IA 51054. The form is located on our website at www.cityofsergeantbluff.com and under the **Departments** header then under **Municipal Utilities**. Choose Water Sampling Participation Form under the **Quick Links** on the right side of the web page

Thank you for your time,

City of Sergeant Bluff Water Department
