Tournament Rules

- 1. Teams-** Each team will consist of 5 players each side will consist of a catcher- (must play behind the "strike zone"), pitcher, double area fielder, triple area fielder and home run area fielder. Fielders cannot move from one area to another when a full team is playing. Each player must pitch 1 inning a game.
- 2. Batting Order-** The batting team should remain in the same order all game. Players not batting or on base shall remain in the "dugout"
- 3. Outs-** Three outs to retire a side, An out for the batter can be made in three ways:
 - A. The batter can strike out only if he/she swings at a pitched ball and does not foul tip the third strike. Foul tips count as a strike for the first two strikes.– if with 2 strikes a foul tip goes through the "strike zone" it should be considered a strike out. A foul tip caught by the catcher counts as an out if the ball is above the batters head.
 - B. Fly balls caught in fair or foul territory
 - C. Ground balls caught while the ball is in motion, in fair territory. Bunting is not allowed and a batter that walks goes to 1st base.
- 4. Games will consist of** five (5) innings or 40 mins. In case of a tie, additional innings are played. For a complete inning, both sides must bat.
- 5. Balls and Strikes–** A player shall get 6 balls and 3 strikes. Foul balls count as strikes. Strikes are any pitch that goes through the "strike zone"
- 6. Baserunning-** there is no base running. A batter earns 1 imaginary base on a single, 2 imaginary bases on a double and 3 imaginary bases on a triple. A runner on 1st advances one base on a single, 2 bases on a double and scores on a triple, A runner on 2nd base scores on a single, double, or triple. A runner on 3rd base scores on any hit.
- 7. Scoring-** A ball hit in the single area (i.e. the area between batters box and single markers and not caught, constitutes a single. A ball hit in the double area (between the single marker and the double marker) and not caught constitutes a double. Balls hit in the triple area (between the double markers and triple markers) and not caught, constitute a triple. Balls hit past the triple markers, and not caught, constitute a home run. The baseball rules of scoring apply: Example: A player hits a single – his/her team has a man on first base (imaginary runners). The next player hits a single – the team now has a man on first and second. Third batter hits a home run – three runs score! (The imaginary runners on first and second, plus the home run.)
