

QUALITY MIDWEST STEAKS

HOW DO WE OFFER PREMIUM STEAKS AT LOW PRICES?

We have a great relationship with a local company that provides steaks for famous national restaurant chains. These customers demand exact size and weight cuts. Occasionally steaks are cut that are too big or small.

This is where we come in. These delicious steaks are individually packaged/frozen and placed in boxes weighing approximately 10 pounds each. When enough boxes become available we do a promotional sale passing the savings on to you.

Thanks for taking time to view our sale. If you're interested in bulk purchases for your upcoming events please feel free to contact us. We look forward to your feedback so feel free to email your comments to: info@dakotameats.com

April Sale Date

Fri ----April 19
