SERGEANT BLUFF LOVES READING!

The Sergeant Bluff Parks and Rec and the Sergeant Bluff library will kick off a 6 week reading program. Kids will keep track of the number of pages read in the 6 weeks and the top winners in each age group will receive a prize! The age groups will be: 3-5 yrs old, 6-8 yrs old, 9-11 yrs old.

Kickoff will be at the library on Sunday, January 30th from 1 -3 pm with special stories and a bookmark craft. Kids then can check books out to start reading! There will be a final celebration at the end of the program with awards being given for the most pages read in each age group. We will have more on that as we have more information.

RADON TEST KITS

Radon is a cancer-causing radioactive gas. You cannot see, smell or taste radon, but it may be a problem in your home. The Surgeon General has warned that radon is the second leading cause of lung cancer in the United States today. Testing is the only way to know your home's radon levels. There are no immediate symptoms that will alert you to the presence of radon.

You may purchase test kits from either the Siouxland District Health Department or City Hall for \$7.00. Accepted forms of payment are cash or checks. Checks may be made out to the Siouxland District Health Department. You may pick up a kit at City Hall at 401 4th Street.
