Current Resident,

The City of Sergeant Bluff Water Dept. is looking for customers to participate in our water sampling program. This program requires the use of our customer's outside water hose bibs. For outside sampling the customer does not need to be home.

The sampling is not done on a scheduled time or date. It would be completed on a random basis so we would not be able to notify the customer each time we are there. The City will be testing for disinfection residual. More information can be obtained on the testing results from the Consumer Confidence Report which can be obtained from City Hall Monday through Friday 8:00am to 5:00pm.

If you are interested in helping out, please fill out the form below and return it to City Hall located at 401 4th street. The form will also be on the city website at www.cityofsergeantbluff.com.
