SNOW SHOVELING

Whether you're a tenant or property owner, you are required to shovel your sidewalk within 24 hours after a snowfall. City ordinance requires property owners to remove snow, ice, drifting snow and any accumulations promptly from the entire public sidewalk abutting their property (Ord 136.03). If a property owner does not remove the ice or snow within a reasonable time (24 hours) the City may remove the accumulations, and charge for the cost.

Ultimately property owners and landlords are responsible for ensuring that the sidewalk is shoveled, regardless of whether or not a tenant complies by performing the duty themselves. The City enforces this code for the safety of pedestrians and school age children who utilize sidewalk for a safe walkway to their destinations.

PARKING DURING A SNOW EMERGENCY

We would like to remind residents of the snow ordinances as it relates to parking. Ordinance 69.10 (1) states that: "No person shall park, abandon or leave unattended any vehicle on any public street, alley, or city owned off-street parking within 48 hours after a snow fall of 2 inches or more."

Ordinance 69.10 (2) deals with larger snow events.

When major storms are foreseen, the City may declare

a snow emergency which requires all vehicles to be removed from the street immediately.

Enforcement action will remain until the streets have been cleared from curb to curb. Please allow crews to clear snow from curb to curb before parking on the street. You must wait until the crews have had time to come back and clear the street completely, this may take multiple passes.

Temporarily parking in your yard or other areas of your property during the snow event will be allowed during the snow events. The police department and city snow removal crew's thank you in advance for your cooperation. Help us keep our streets clear and safe through the snow season.

REMINDER: WHILE REMOVING SNOW AT YOUR HOME OR BUSINESS, PLEASE AVOID PUSHING IT IN TO THE STREET.
