## IS YOUR SIDEWALK ACCESSIBLE?

Per City ordinance 69.07, a vehicle may not be parked "on or across a sidewalk", even if it is in a driveway.

For pedestrians, the issue of vehicles blocking sidewalks when parked in driveways is a serious safety hazard and one that prevents many citizens, especially children and those with mobility assistance devices, from freely traveling along the public sidewalk.

Please remember to keep all public sidewalks clear, even when the sidewalk passes through a driveway.
